For reasons explained in the following cover explanations we believe that the insurance scheme for Badminton England meets the demands and needs of a Badminton England club, member, coach, umpire or volunteer.

### Insurance scheme for Clubs and Counties of Badminton England.

Continued litigation reinforces the need for all sports organisations to have full and appropriate insurance protection. Without it you could be held personally financially liable to compensate for losses for which you do not hold valid insurance.

The following covers provided are summarised over the page. We emphasise that details are a summary only.

#### Sport, Recreation and Leisure Liability

Sport, Recreation and Leisure Liability Provides protection from the consequences of claims against a Badminton England club/county for injury, financial loss or damage to property, where negligence occurs.

NOTE: this cover does not provide an automatic payment for injuries which would normally be the province of a personal accident insurance.

#### Important

The Sport, Recreation and Leisure Liability cover is provided on a "claims made" basis - which means that there has to be a policy in force at the time at which the incident is first reported to us, not necessarily at the time the activity was undertaken. Once a policy is cancelled, no cover is provided for claims that are notified after the date of cancellation. It is therefore essential that all incidents or circumstances that might give rise to a claim are reported to Perkins Slade immediately.

### Outline of cover

#### Sport, Recreation and Leisure Liability

All badminton organisations have a responsibility to ensure that anything they do does not cause injury or financial loss to others or damage to property. If they do, and negligence is proved, they could become legally liable to pay compensation. Accidents in badminton can and will happen and in this litigious age clubs and counties are vulnerable to claims that can sometimes involve very large sums of money.

Appropriate cover is therefore essential and, indeed, it is demanded by local authorities before clubs can use their facilities.

Sport, Recreation and Leisure Liability provides cover for legal liability under civil law to the general public for personal injury or damage to third party property. This includes the opposite sections of cover:

The shaded areas of the table opposite are sections of cover provided by the Sport, Recreation and Leisure Liability policy over and above those of a standard Public & Products Liability policy.

Sport, Recreation and Leisure Liability provides clubs and counties with a breadth of cover that is rarely available through non-specialist brokers.

<b>Public Liability</b> £10m any one occurrence	Accidental bodily injury to third parties and/or damage to third party property arising out of your insured activities.
<b>Products Liability</b> £10m any one period	Accidental bodily injury to third parties and/or damage to third party property arising out of any goods sold or supplied by you (including refreshments)
<b>Professional Indemnity</b> £10m any one occurrence	Professional loss (financial or otherwise) arising out of errors and omissions. For example, bad advice (instruction / coaching) or failure to act.
<b>Libel and Slander</b> £10m any one occurrence	Protection against the consequences of defamatory statements, this is important in respect of any communications produced, or forums held online
<b>Abuse</b> £10m any one period	Abuse concerning children and vulnerable adults. Protection for damages awarded against the organisation (specifically for abuse, the alleged individual perpetrator does not receive any cover).
<b>Directors and Officers</b> £10m any one period	Protection for directors, officers and senior managers against claims arising from their decisions or actions taken whilst managing the organisation.
<b>Employers Liability</b> £10m any one occurrence	Legal liability of an affiliated club or organisation and its committee following injury to an employee for which it may be legally liable.
